

# EVENINGS WITH MARSHALL:

## Learning a Language of Life with Marshall Rosenberg

We will watch videos of Marshall Rosenberg, developer of Nonviolent Communication (NVC), teaching in his one unique style. Using humour, stories, puppets, and provocative statements, he opened up hearts and minds to new ways of living and communicating. The principles and skills he taught have now been shared all over the planet. They are used for personal healing, conflict transformation, workplace collaboration, and social justice initiatives. Our evenings together will include time to get to know one another, discuss questions, and explore how to apply the teachings in our daily lives. You can come to any one of them or all.
